LOS ANGELES – August 2, 2017 – Natural Health Trends Corp. (NASDAQ: NHTC), a leading direct-selling and e-commerce company that markets premium quality personal care, wellness and “quality of life” products under the NHT Global brand, today announced its financial results for the quarter ended June 30, 2017.

Second Quarter 2017 Financial Highlights

 - Revenue outside of Hong Kong decreased 18% to \$5.8 million, compared to \$7.1 million in the second quarter of 2016, and was partly mitigated by an increase in Europe of 256% year-over-year.
- Operating income decreased 14% to \$12.9 million, compared to \$14.9 million in the second quarter of 2016. As a percent of total revenue, operating income was 25%, compared to 19% in the second quarter of 2016.
- Net income was \$10.3 million, or \$0.91 per diluted share, compared to \$12.2 million, or \$1.07 per diluted share, in the second quarter of 2016.
- The number of Active Members¹ decreased 6% to 107,290 at June 30, 2017, compared to 113,710 at March 31, 2017, and decreased 15% compared to 126,440 at June 30, 2016.

- Total revenue decreased 28% to \$111.3 million, compared to \$154.7 million in the first six months of 2016.
- Operating income decreased 11% to \$25.9 million, compared to \$28.9 million in the first six months of 2016. As a percent of total revenue, operating income was 23%, compared to 19% in the first six months of 2016.

Management Commentary

“Our revenue for the second quarter declined by 14% from the prior quarter primarily due to the slowdown we have been experiencing in our Asian markets since the third quarter of 2016,” commented Chris Sharnq, President of Natural Health Trends Corp. “Further, the second quarter of 2016 presented a challenging year-over-year comparison due to record product orders in anticipation of a significant product price increase effective last June. Partially offsetting the year-over-year decrease in net sales was strength in Europe, our market opening in Peru and a positive response to our most recent product introductions.”

Mr. Sharnq further commented, “We are pleased to announce we received preliminary approval for a direct selling license in Malaysia, which correlates perfectly with our summer Ambassador Academy event we have been actively preparing for in Kuala Lumpur. We also recently celebrated our grand opening in Peru and received registration approval for key products, enabling us to generate nearly \$500 thousand in product orders during the quarter. In addition, we are working to reinvigorate momentum in Asia by enhancing our incentive programs and adjusting our bonus and reward programs to provide more resources to the most productive and up-and-coming members. While it will take time to restore our Asian markets to growth and to train our leaders to navigate the challenges involved with operating through a slowdown, we believe the measures we have taken to enhance our matching bonus and ease rank advancement will help attract, motivate and retain a strong member base.”

Balance Sheet and Cash Flow

- Net cash provided by operating activities in the second quarter of 2017 was \$6.8 million, compared to \$16.6 million in the second quarter of 2016. For the first six months of 2017, net cash provided by operating activities was \$20.6 million, compared to \$30.4 million in the first six months of 2016.
- On July 31, 2017, the Company's Board of Directors declared a quarterly dividend of \$0.11 per share on outstanding common stock, which represents a 10% increase over the prior quarter dividend, as well as a special cash dividend of \$0.25 per share on outstanding common stock. The dividends will be payable on August 31, 2017 to stockholders of record as of August 21, 2017.
