Item 8.01 Other Events.

In connection with its acquisition of MarketVision Communications Corporation in 2004, Natural Health Trends Corp. (the "Company") and MarketVision Communications Corporation, a wholly owned subsidiary of the Company and formerly known as MV Merger Co, Inc. ("MarketVision") entered into a Software License Agreement (the "Software License Agreement") dated as of March 31, 2004, with MarketVision Consulting Group, LLC (the "Licensee"), a limited liability company owned by John Cavanaugh, the President of MarketVision, and Jason Landry, a Vice President of MarketVision. The Software License Agreement was filed on April 15, 2004, as an Exhibit to the Company's Current Report on Form 8-K and is incorporated by reference into the Company's Annual Report on Form 10-K filed May 8, 2006.

Upon an Event of Default (as defined), the Software License Agreement grants, among other things, the Licensee with an irrevocable, exclusive, perpetual, royalty free, fully-paid, worldwide, transferable, sublicensable right and license to use, copy, modify, distribute, rent, lease, enhance, transfer, market, and create derivative works to the MarketVision software. An "Event of Default" under the Software License Agreement includes a "Share Default," which is defined as the market value per share of the Company failing to equal or exceed \$10.00 per share for any one rolling period of six months for a certain period following the acquisition of MarketVision. The last time that the Company's stock closed at or above \$10.00 per share was February 16, 2006, and a Share Default would otherwise have occurred on August 17, 2006. On August 16, 2006, the parties to the Software License Agreement amended that agreement to provide that no Share Default will occur prior to September 1, 2006.

Despite the granting of such a license to the Licensee if an Event of Default should occur, under the Software License Agreement, the Company and MarketVision retain the right to continue to use the MarketVision software for its internal use only and not as an application service provider or service bureau, but may not rent, lease, license, transfer or distribute the software without the Licensee's prior written consent. Moreover, the Company would have the right to receive certain application service provider services from Licensee. Although the Company does not believe that an Event of Default would, by itself, have a material adverse effect on the Company, it is possible that it could trigger other events that have such an effect. For example, it is possible that the Company could lose the services of Mr. Cavanaugh, Mr. Landry, or other employees of MarketVision.

AMENDMENT NO. 1 TO SOFTWARE LICENSE AGREEMENT

This undersigned parties (the "Parties") desire to amend that certain Software License Agreement (the "Software License Agreement") dated as of March 31, 2004, by and among (i) Natural Health Trends Corp., a Delaware corporation that is the successor in interest to Natural Health Trends Corp., a Florida corporation, (ii) MarketVision Communications Corporation, a Delaware corporation formerly known as MV MergerCo, Inc., and (iii) MarketVision Consulting Group, LLC, a Delaware limited liability company.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby amend the Software License Agreement by revising Section 10.3 to read as follows in its entirety:

10.3 The occurrence of a Share Default, as defined herein. "Share Default" means the end of any rolling six-month period during which Market Value per share of the NHTC Common Stock fails to equal or exceed \$10.00 per share, such six-month period occurring within the three-year period commencing on the earlier of (i) the first anniversary of the date of this Agreement, or (ii) the date on which the Merger Shares are registered with the Securities and Exchange Commission for resale to the public.
