### INFORMATION CONCERNING SOLICITATION AND VOTING

As of the Record Date, there were [421,618,436] shares of Common Stock outstanding held by approximately \_\_\_\_\_ holders of record and \_\_\_\_\_ beneficial owners. Only holders of shares of Common Stock on the Record Date will be entitled to vote at the Annual Meeting. The holders of Common Stock are entitled to one vote on all matters presented at the meeting for each share held of record. The presence in person or by proxy of holders of record of a majority of the shares outstanding and entitled to vote as of the Record Date shall be required for a quorum to transact business at the Annual Meeting. If a quorum should not be present, the Annual Meeting may be adjourned until a quorum is obtained. Each nominee to be elected as a director named in Proposal 1 must receive the vote of a plurality of the votes of the shares of Common Stock present in person or represented by proxy at the meeting. For the purposes of election of directors, although abstentions will count toward the presence of a quorum, they will not be counted as votes cast and will have no effect on the result of the vote. The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy at the meeting is required for the approval of the adoption to the Company's 2002 Stock Plan described in Proposal 3 and the ratification of the appointment of Sherb & Co., LLP as independent public accountants of the Company for fiscal year ending December 31, 2002 described in Proposal 4. The affirmative vote of the holders of a majority of the shares of Common Stock outstanding is required for approval of the Reverse Stock Split described in Proposal 2 and the ratification of the Charter Amendment described in Proposal 5. For purposes of the vote on the approval of the adoption to the Company's 2002 Stock Plan described in Proposal 3 and the ratification of the appointment of Sherb & Co., LLP as independent public accountants of the Company for fiscal year ending December 31, 2002 described in Proposal 4, abstentions will not be counted as votes entitled to be cast on these matters and will have no effect on the result of the vote. "Broker non-votes," which occur when brokers are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions, will not be counted for the purpose of determining the number of shares present in person or by proxy on a voting matter and will have no effect on the outcome of the vote. Brokers who hold shares in street name may vote on behalf of beneficial owners with respect to Proposal 1 and Proposal 4. The approval of all other matters to be considered at the Annual Meeting requires the affirmative vote of a majority of the eligible votes cast at the Annual Meeting on such matters.

The expense of preparing, printing and mailing this Proxy Statement, exhibits and the proxies solicited hereby will be borne by the Company. In addition to the use of the mails, proxies may be solicited by officers and directors and regular employees of the Company, without additional remuneration, by personal interviews, telephone, telegraph or facsimile transmission. In addition, the Company may elect to engage a proxy solicitation firm to solicit shareholders to vote or grant a proxy with respect to the proposals contained in this Proxy Statement. The Company will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of Common Stock held of record and will provide reimbursements for the cost of forwarding the material in accordance with customary charges.

4

Proxies given by shareholders of record for use at the Annual Meeting may be revoked at any time prior to the exercise of the powers conferred. In addition to revocation in any other manner permitted by law, shareholders of record giving a proxy may revoke the proxy by an instrument in writing, executed by the stockholder or his attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal, by an officer or attorney thereof duly authorized, and deposited either at the corporate headquarters of the Company at any time up to and including the last business

day preceding the day of the Annual Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of such Annual Meeting on the day of the Annual Meeting or adjournment thereof, and upon either of such deposits the proxy is revoked.

ALL PROXIES RECEIVED WILL BE VOTED IN ACCORDANCE WITH THE CHOICES SPECIFIED ON SUCH PROXIES. PROXIES WILL BE VOTED IN FAVOR OF A PROPOSAL IF NO CONTRARY SPECIFICATION IS MADE. ALL VALID PROXIES OBTAINED WILL BE VOTED AT THE DISCRETION OF THE PERSONS NAMED IN THE PROXY WITH RESPECT TO ANY OTHER BUSINESS THAT MAY COME BEFORE THE ANNUAL MEETING.

#### Director Compensation

Neither the director of the Company nor those of any of its subsidiaries receive any fixed compensation for their services as directors. Neither the Company nor any of its subsidiaries paid its directors any cash or other form of compensation for acting in such capacity, although directors who were also executive officers received cash compensation for acting in the capacity of executive officers.

6

#### Meetings and Committees of the Board of Directors

The Board of Directors met (or executed written consents in lieu of meeting) 6 times during the fiscal year ended December 31, 2001. The Board of Directors does not presently have any committees. It anticipated that following the Annual Meeting, the Board of Directors will form an audit committee and compensation committee.

#### The Audit Committee

It is expected that the Audit Committee of the Board of Directors will be formed in 2003 and that it will consist solely of newly appointed independent directors. The Audit Committee will meet during the fiscal year ending December 31, 2003. The Audit Committee will be primarily responsible for reviewing the services performed by the Company's independent public accountants, evaluating the Company's accounting policies and its system of internal controls, and reviewing significant finance transactions.

The audit functions of the Audit Committee will be focused on three areas:

- the adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements.
- the hiring, replacing, independence and performance of the Company's independent public accountants.
- the evaluation of the quality of the Company's accounting principals and financial reporting as well as the Company's compliance with legal and regulatory requirements.

The Audit Committee will meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit Committee will discuss these matters with the Company's independent public accountants and with appropriate Company financial personnel. Meetings will be held with the independent public accountants who will have unrestricted access to the Audit Committee. The Audit Committee will appoint the independent public accountants and will review periodically their performance and independence from management. In addition, the Audit Committee will review the Company's financing plans and report recommendations to the full Board of Directors to approve and to authorize action. The Directors who will serve on the Audit Committee will be "Independent" for purposes of stock exchange listing standards. That is, no member of the Audit Committee will have had a relationship to the Company that may interfere with its independence from the Company and its management. The Board intends to adopt a written charter setting out the functions the Audit Committee is to perform.

7

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of

internal controls. The independent public accountants audit the annual financial statements prepared by management, express an opinion as to whether those financial statements present fairly the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and will discuss with the Audit Committee any issues they believe should be raised with the Audit Committee.

The Audit Committee will review the Company's audited financial statements and meet with both management and Sherb & Co., LLP, the Company's independent public accountants, to discuss such audited financial statements. Management will represent to the Audit Committee that the financial statements are prepared in accordance with generally accepted accounting principles. The Audit Committee will receive from and discuss with Sherb & Co., LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the Company. The Audit Committee will also discuss with Sherb & Co., LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Based on these reviews and discussions, the Audit Committee will make a recommendation to the Board regarding the Company's audited financial statements and whether they should be included in the Company's Annual Report on Form 10-KSB for the fiscal year ending December 31, 2002.

#### Audit Fees

For the fiscal year ended December 31, 2001, the Company incurred professional fees to its independent public accountants in the amount of \$55,000 related to auditing services.

#### Financial Information Systems Design and Implementation Fees

For the fiscal year ended December 31, 2001, there were no fees billed by the Company's independent public accountants for professional services rendered for information technology services relating to financial information systems design and implementation.

#### All Other Fees

For the fiscal year ended December 31, 2001, the Company did not incur any professional fees from its independent public accountants related to all other services.

#### Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission ("SEC") initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company during the fiscal year ended December 31, 2001, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were satisfied.

See "Option Agreements" below.

#### Consulting Agreement

In January 2001, the Company entered into a consulting contract with Benchmark Consulting Group, an affiliate of Mark Woodburn, the Company's sole director, President and Chief Financial Officer, pursuant to which Benchmark agreed to advise the Company in connection with the acquisition of, startup of, and/or merger with other companies introduced to, the Company by Benchmark, and any divestiture of, the Company's assets, subsidiaries, or the sale of, the Company itself. The Company issued to Benchmark options to purchase an aggregate of 3,000,000 shares of Common Stock at an exercise price of \$.011 per share. In September, 2002 such options were assigned to the LaCore and Woodburn Partnership, a general partnership. See "Option Agreements" below.

#### Option Agreements

On January 18, 2001, the Company granted an option (the "LaCore Option") to Terry LaCore, the Chief Executive Officer of Lexxus International, Inc. and a nominee for a director of the Company. The LaCore Option provided Mr. LaCore with the right to purchase 3,000,000 shares of the Company's common stock at an exercise price of \$.011 per share for period of ten (10) years. In addition, the LaCore Option provided Mr. LaCore with certain non-dilution protection. 10

total number of shares of common stock equal to ten (10%) of the number of shares of the Company's common stock outstanding on fully diluted basis (the "Additional Shares"). The exercise price for the Additional Shares was equal to the amount paid by investors for the additional shares issued by the Company. As of October 14, 2002, the LaCore Option was amended (i) to delete the non-dilution provisions and (ii) to fix the exercise price at \$.011 (the original exercise price). As a result, the LaCore Option, as amended, is presently exercisable for 3,000,000 shares of Common Stock at an exercise price of \$.011 per share.

As of October 14, 2002, in exchange for Mr. LaCore's execution of the amendment to the LaCore Option and as compensation for Mr. LaCore's exemplary performance of his duties as CEO of Lexxus International, Inc., the Company granted to Mr. LaCore options exercisable for 57,000,000 shares of common stock at an exercise price of \$.01 per share (the "New LaCore Option"). The New LaCore Option is exercisable for a period of ten (10) years and contains cashless exercise provisions, but does not contain any anti-dilution provisions.

On January 18, 2001, the Company granted an option (the "Benchmark Option") to Benchmark Consulting Group, an affiliate of Mark Woodburn, the Company's President, Chief Financial Officer and sole director. The Benchmark Option provided Benchmark Consulting Group with the right to purchase 3,000,000 shares of the Company's common stock at an exercise price of \$.011 per share for period of ten (10) years. In addition, the Benchmark Option provided Benchmark Consulting Group with certain non-dilution protection. In the event that the Company issued shares of common stock or securities exercisable or exchangeable for, or convertible into, shares of common stock, the Benchmark Option automatically became exercisable for additional shares of common stock such that the option holder had the right to purchase a total number of shares of common stock equal to ten (10%) of the number of shares of the Company's common stock outstanding on fully diluted basis (the "Additional Shares"). The exercise price for the Additional Shares was equal to the amount paid by investors for the shares issued by the Company. As of October 14, 2002, the Benchmark Option was amended (i) to delete the non-dilution provisions and (ii) to fix the exercise price at \$.011 (the original exercise price). As a result, the Benchmark Option, as amended, is presently exercisable for 3,000,000 shares of Common Stock at an

exercise price of \$.011 per share. In September 2002, the Benchmark Option was assigned to the LaCore and Woodburn Partnership, a general partnership owned by Messrs. LaCore and Woodburn (the "Partnership").

As of October 14, 2002, in exchange for Partnership's execution of the amendment to the Benchmark Option and as compensation for Mr. Woodburn's exemplary performance of his duties as President and Chief Financial Officer of the Company, the Company issued to the Partnership options exercisable for 57,000,000 shares of common stock at an exercise price of \$.01 per share (the "Partnership Option"). #### Certain Transactions

As of December 31, 2001, the Company owed approximately \$70,000 to

Robert L. Richards, its former president and a former director, in connection with liabilities assumed in connection with the acquisition by the Company of Kaire International, Inc. in February 1999.

See "Consulting Agreement" and "Option Agreements" for other related party transactions.

The Company believes that the transactions between the Company and any of the officers, directors and/or five percent (5%) shareholders have been on terms no less favorable to the Company than could have been obtained from independent third parties. Future transactions, if any, between the Company and any of its officers, directors, and/or five percent (5%) shareholders will be on terms no less favorable to the Company than could be obtained from independent third parties and will be approved by a majority of the independent, disinterested directors. In addition, any forgiveness of indebtedness of officers, directors or five percent (5%) shareholders will be approved by a majority of disinterested directors who do not have an interest in the transactions and who have access, at the Company's expense, to counsel.

See "Consulting Agreement" and "Option Agreements" for other related party transactions.

## PROPOSAL TWO

### REVERSE STOCK SPLIT

#### General

The shareholders of the Company are being asked to effect a one-for-one hundred reverse stock split of the outstanding Common Stock of the Company (the "Reverse Stock Split"). The Reverse Stock Split may be considered a modification or exchange of securities invoking the requirements of Item 12 of Rule 14a-101 of the Exchange Act. In compliance therewith, the Company has attached hereto its Annual Report on Form 10-KSB for the fiscal year ended December 31, 2001 which is incorporated by reference herein.

The Board of Directors believes that it would be in the best interests of both the Company and its shareholders to effect the Reverse Stock Split which has been adopted by the Board of Directors, subject to approval of the Company's shareholders. Approval will require the affirmative vote of the holders of a majority of the outstanding shares of Common Stock. The Board of Directors reserves the right, notwithstanding stockholder approval and without further action by the shareholders, not to proceed with the Reverse Stock Split, if, at any time prior to filing the amendment with the Secretary of State of the State of Florida, the Board of Directors, in its sole discretion, determines that the Reverse Stock Split is no longer in the best interests of the Company and its shareholders.

13

Assuming that Proposal Four is approved by the holders of a majority of the outstanding shares of Common Stock, the Company is authorized to issue 500,000,000 shares of Common Stock, \$.001 par value, of which 421,618,436 shares were issued and outstanding at the close of business on the Record Date. The Company is authorized to issue 1,500,000 shares of Preferred Stock, \$1,000.00 par value, none of which were issued and outstanding at the close of business on the Record Date. As proposed and if effected, the Reverse Stock Split would reduce the number of issued and outstanding shares of Common Stock to approximately 4,216,618, but would not reduce the number of authorized shares. The proposed Reverse Stock Split would not affect any stockholder's proportionate equity interest in the Company. Neither the par value of the Common Stock or Preferred Stock nor any rights presently accruing to holders of Common Stock or Preferred Stock would be affected by this transaction.

To effect the Reverse Stock Split stockholder approval is sought to amend Article IV of the Company's Articles of Incorporation relating to the authorized capital stock by inserting the following paragraph:

"Each one hundred (100) shares of the Corporation's common stock, \$.001 par value per share, issued and outstanding as of the close of business on the date this Articles of Amendment is filed, shall be converted into one (1) share of the Corporation's common stock, \$.001 par value per share, so that each share of the

corporation's common stock issued and outstanding is hereby converted and reclassified. No fractional interests resulting from such conversion shall be issued, but in lieu thereof, shareholders who ostensibly would be entitled to receive fractional shares because they hold a number of shares not evenly divisible by one hundred (100) will be entitled, upon surrender to the Exchange Agent of such certificates representing such shares, to receive one (1) additional share of common stock for any fractional share they may be entitled to."

Reasons for the Proposed Reverse Stock Split. The Company's Common Stock is traded on the OTC Bulletin Board. On December \_\_, 2002, the Company's Common Stock had a closing price of \$ \_\_\_\_\_.

The Board of Directors believes that a relatively low stock price may affect not only the liquidity of the Common Stock, but also its ability to raise additional capital through the sale of equity securities. Thus, the Company believes that the anticipated increase in trading price is expected to be attractive to the financial community, the investing public, and to users of the Company's products.

The Board of Directors is hopeful that a decrease in the number of shares of Common Stock outstanding, as a consequence of the proposed Reverse Stock Split, and the anticipated corresponding increase price per share will stimulate interest in the Common Stock and possibly promote greater liquidity for the Common Stock with respect to those shares presently outstanding. However, the possibility does exist that such liquidity could be adversely affected by the reduced number of shares which would be outstanding if the proposed Reverse Stock Split is effected.

Exchange of Stock Certificates. If the Reverse Stock Split is approved by the Company's shareholders, the Company will instruct its transfer agent to act as its exchange agent (the "Exchange Agent") and to act for holders of Common Stock in implementing the exchange of their certificates.

14

Commencing on the effective date of the Reverse Stock Split (the "Effective Date"), shareholders will be notified and requested to surrender their certificates representing shares of Common Stock to the Exchange Agent in exchange for certificates representing new common stock ("New Common Stock"). One share of New Common Stock will be issued in exchange for each one hundred (100) presently issued and outstanding shares of Common Stock. Beginning on the Effective Date, each certificate representing shares of the Company's Common Stock will be deemed for all corporate purposes to evidence ownership of shares of New Common Stock.

Liquidation of Fractional Shares. No scrip or fractional certificates will be issued in connection with the Reverse Stock Split. Shareholders who ostensibly would be entitled to receive fractional shares because they hold a number of shares of Common Stock not evenly divisible by one hundred (100) will be entitled, upon surrender to the Exchange Agent, to certificates representing such shares, to receive one (1) additional share of Common Stock for any fractional share they may be entitled to. Shareholders may now hold "odd lots" as a result of the Reverse Stock Split and as such may be subject to increased transaction costs on the sale of their Common Stock. Shareholders are encouraged to surrender their certificates to the Exchange Agent for certificates evidencing whole shares of the Common Stock due them for fractional interests.

Federal Income Tax Consequences. The Reverse Stock Split should not result in the recognition of gain or loss (except in the case of additional shares received for fractional shares as described below). The holding period of the shares of New Common Stock will include the shareholders' respective holding periods for the shares of Common Stock exchanged therefore, provided that the shares of Common Stock were held as a capital asset. The adjusted basis of the shares of New Common Stock will be the same as the adjusted basis of the Common Stock exchanged therefore, reduced by the basis applicable to the receipt of additional shares in lieu of fractional shares described below.

A stockholder who receives additional shares in lieu of fractional shares will be treated as if the Company would issue additional shares to him. Such stockholder should generally recognize gain or loss, as the case may be, measured by the difference between the number of additional shares received and the basis of his old Common Stock applicable to such fractional shares had they

actually been issued. Such gain or loss shall be a capital gain or loss (if such stockholder's Common Stock was held as a capital asset), any such capital gain or loss shall generally be long-term capital gain or loss to the extent such stockholder's holding for his Common Stock exceeds twelve months.

No Dissenter's Rights. Under Florida law, shareholders are not entitled to dissenter's rights of appraisal with respect to the Reverse Stock Split.

15

#### Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR approval of the Reverse Stock Split, unless marked to the contrary, proxies received from stockholders will be voted in favor of the Reverse Stock Split.

### PROPOSAL THREE

#### ADOPTION OF 2002 STOCK OPTION PLAN

As of November 18, 2002, the Board of Directors of the Company, subject to stockholder approval, adopted the 2002 Stock Option Plan (the "2002 Plan"). The purpose of the 2002 Plan is to provide a means whereby directors and selected employees, officers, agents, consultants and independent contractors of the Company or of any parent or subsidiary thereof, each as defined through reference to a 50% ownership threshold, may be granted incentive stock options and/or nonqualified stock options to purchase shares of Common Stock in order to attract and retain the services or advice of such directors, employees, officers, agents, consultants, and independent contractors and to provide an additional incentive for such persons to exert maximum efforts for the success of the Company and its affiliates by encouraging stock ownership in the Company. A copy of the 2002 Plan is attached as Annex A to this Proxy Statement and the description of the 2002 Plan set forth below is qualified in its entirety by reference to the full text of the 2002 Plan. In addition, the Company makes no guarantee as to the tax consequences described below with respect to the grant or exercise of an option, or sale of the stock covered by an option.

#### Description of the 2002 Plan

The maximum number of shares of Common Stock with respect to which awards may be presently granted pursuant to the 2002 Plan is one million (1,000,000) shares. Shares issuable under the 2002 Plan may be either treasury shares or authorized but unissued shares. The number of shares available for issuance will be subject to adjustment to prevent dilution in the event of stock splits, stock dividends or other changes in the capitalization of the Company.

Subject to compliance with Rule 16b-3 of the Securities Exchange Act of 1934 (the "Exchange Act"), the 2002 Plan shall be administered by the Board of Directors of the Company (the "Board") or, in the event the Board shall appoint and/or authorize a committee, such as the Compensation Committee, of two or more members of the Board to administer the 2002 Plan, by such committee (the "Plan Administrator"). Except for the terms and conditions explicitly set forth in the 2002 Plan, and subject to applicable provisions of the Internal Revenue Code of 1986, as amended (the "Code") the Plan Administrator shall have the authority, in its discretion, to determine all matters relating to the options to be granted under the Plan, including, without limitation, selection of whether an option will be an incentive stock option or a nonqualified stock option, selection of the individuals to be granted options, the number of shares to be subject to each option, the exercise price per share, the timing of grants and all other terms and conditions of the options.

16

Options granted under the 2002 Plan may be "incentive stock options" ("Incentive Options") within the meaning of Section 422 of the Code or stock options which are not incentive stock options ("Non-Incentive Options" and, collectively with Incentive Options, hereinafter referred to as "Options"). Each Option may be exercised in whole or in part; provided, that only whole shares may be issued pursuant to the exercise of any Option. Subject to any other terms and conditions herein, the Plan Administrator may provide that an Option may not be exercised in whole or in part for a stated period or periods of time during

which such Option is outstanding; provided, that the Plan Administrator may rescind, modify, or waive any such limitation (including by the acceleration of the vesting schedule upon a change in control of the Company) at any time and from time to time after the grant date thereof. During an optionee's lifetime, any Incentive Options granted under the Plan are personal to such optionee and are exercisable solely by such optionee.

The Plan Administrator can determine at the time the Option is granted in the case of Incentive Options, or at any time before exercise in the case of Non-Incentive Options, that additional forms of payment will be permitted. To the extent permitted by the Plan Administrator and applicable laws and regulations (including, without limitation, federal tax and securities laws and regulations and state corporate law), an Option may be exercised by:

(a) delivery of shares of Common Stock of the Company held by an optionee having a fair market value equal to the exercise price, such fair market value to be determined in good faith by the Plan Administrator;

(b) delivery of a properly executed notice of exercise, together with irrevocable instructions to a broker, all in accordance with the regulations of the Federal Reserve Board, to promptly deliver to the Company the amount of sale or loan proceeds to pay the exercise price and any federal, state, or local withholding tax obligations that may arise in connection with the exercise; or

(c) delivery of a properly executed notice of exercise, together with instructions to the Company to withhold from the shares of Common Stock that would otherwise be issued upon exercise that number of shares of Common Stock having a fair market value equal to the Option exercise price.

To the extent permitted by applicable law, the Plan Administrator may also permit any participant to pay the option exercise price upon exercise of an Option by delivering a full-recourse, interest bearing promissory note payable in one or more installments and secured by the purchased shares. The terms of any such promissory note (including the interest rate and the terms of repayment) shall be established by the Plan Administrator in its sole discretion. In no event may the maximum credit available to the participant exceed the sum of (i) the aggregate option exercise price (less the par value of those shares) plus (ii) any federal, state and local income and employment tax liability incurred by the participant in connection with the option exercise.

17

Upon a merger or consolidation in which securities possessing more than 25% of the total combined voting power of the Company's outstanding securities are transferred to a person different from the person holding those securities immediately prior to such transaction, the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or dissolution of the Company the sale, transfer or other disposition of all or substantially all of the Company's assets to an unrelated entity, or a change in the identity of more than three (3) directors over a two-year period each, a ("Corporate Transaction"), any award carrying a right to exercise that was not previously exercisable shall become fully exercisable, the restrictions, deferral limitations and forfeiture conditions applicable to any other award granted shall lapse and any performance conditions imposed with respect to awards shall be deemed to be fully achieved. Notwithstanding the foregoing, any Option granted to an employee shall not become fully vested until such time as the employee experiences an involuntary termination of employment (other than on account of misconduct).

Incentive Options granted under the 2002 Plan may not be transferred, pledged, mortgaged, hypothecated or otherwise encumbered other than by will or under the laws of descent and distribution, except that the Plan Administrator may permit transfers of awards for estate planning purposes if, and to the extent, such transfers do not cause a participant who is then subject to Section 16 of the Exchange Act to lose the benefit of the exemption under Rule 16b-3 for such transactions.

Additional rules apply under the Code to the grant of Incentive Options. For instance an Incentive Option must be exercised within 10 years after the date of grant, unless granted to an individual owning more than 10% of the Company's stock, in which case the exercise period may not exceed five (5) years. Similarly, an Incentive Option must be granted at an exercise price that

equals or exceeds 100% of the fair market value of the underlying stock at the time of grant, a threshold that is increased to 110% of such fair market value in the case of a grant to an individual owning more than 10% of the Company's stock.

For federal income tax purposes, the grant to an optionee of a Non-Incentive Option generally will not constitute a taxable event to the optionee or to the Company. Upon exercise of a Non-Incentive Option (or, in certain cases, a later tax recognition date), the optionee will recognize compensation income taxable as ordinary income, measured by the excess of the fair market value of the Common Stock purchased on the exercise date (or later tax recognition date) over the amount paid by the optionee for such Common Stock, and will be subject to federal income tax withholding. Upon recognition of income by the optionee, the Company may claim a deduction for the amount of such compensation. The optionee will have a tax basis in the Common Stock purchased equal to the amount paid plus the amount of ordinary income recognized upon exercise of the Non-Incentive Option. Upon the subsequent sale of the Common Stock received upon exercise of the Non-Incentive Option, an optionee will recognize capital gain or loss equal to the difference between the amount realized on such sale and his tax basis in the Common Stock, which may be long-term capital gain or loss if the optionee holds the Common Stock for more than one year from the exercise date.

18

For federal income tax purposes, in general, neither the grant nor the exercise of an Incentive Option will constitute a taxable event to the optionee or to the Company, assuming the Incentive Option qualifies as an "incentive stock option" under Code ss.422. If an optionee does not dispose of the Common Stock acquired upon exercise of an Incentive Option during the statutory holding period, any gain or loss upon subsequent sale of the Common Stock will be long-term capital gain or loss, assuming the shares represent a capital asset in the optionee's hands. The statutory holding period is the later of two years from the date the Incentive Option is granted or one year from the date the Common Stock is transferred to the optionee pursuant to the exercise of the Incentive Option. If the statutory holding period requirements are satisfied, the Company may not claim any federal income tax deduction upon either the exercise of the Incentive Option or the subsequent sale of the Common Stock received upon exercise thereof. If the statutory holding period requirement is not satisfied, the optionee will recognize compensation income taxable as ordinary income on the date the Common Stock is sold (or later tax recognition date) in an amount equal to the lesser of (i) the fair market value of the Common Stock on that date less the amount paid by the optionee for such Common Stock, or (ii) the amount realized on the disposition of the Common Stock less the amount paid by the optionee for such Common Stock; the Company may then claim a deduction for the amount of such compensation income.

The federal income tax consequences summarized hereinabove are based upon current law and are subject to change.

The Board may amend, alter, suspend, discontinue or terminate the 2002 Plan at any time, except that any such action shall be subject to stockholder approval at the annual meeting next following such Board action if such stockholder approval is required by federal or state law or regulation or the rules of any exchange or automated quotation system on which the Common Stock may then be listed or quoted, or if the Board of Directors otherwise determines to submit such action for stockholder approval. In addition, no amendment, alteration, suspension, discontinuation or termination to the 2002 Plan may materially impair the rights of any participant with respect to any vested Option granted before amendment without such participant's consent. Unless terminated earlier by the Board, the 2002 Plan shall terminate upon the earliest to occur of (i) November 17, 2012, (ii) 10 years after the date on which the Board approves the 2002 Plan or (iii) the date on which all shares of Common Stock available for issuance under the 2002 Plan shall have been issued as vested shares. Upon such 2002 Plan termination, all Options and unvested stock issuances outstanding under the 2002 Plan shall continue to have full force and effect in accordance with the provisions of the agreements.

#### New Plan Benefits

It is presently not determinable as to whether any benefits or amounts will be received by or allocated to the Company's executive officers, directors or employees. Further, had the 2002 Stock Plan been in effect during the last

completed fiscal year, none of the Company's executive officers, directors or employees would have received benefits or amounts under the 2002 Stock Plan.

For the fiscal year ended December 31, 2001, no equity securities were authorized for issuance by the Company under any compensation plans.

19

#### Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR approval of the adoption of the 2002 Plan. Unless marked to the contrary, proxies received from shareholders will be voted in favor of the 2002 Plan.

### PROPOSAL FOUR

#### RATIFICATION OF THE APPOINTMENT OF THE FIRM OF SHERB & CO., LLP INDEPENDENT PUBLIC ACCOUNTANTS FOR THE COMPANY

The Board of Directors concluded that the continued engagement of Sherb & Co., LLP as the Company's independent public accountants for the 2002 fiscal year was in the best interests of the Company. The affirmative vote of the holders of a majority of the total votes cast on this proposal is needed to ratify the appointment of the firm of Sherb & Co., LLP as independent public accountants for the Company. The Company has been advised that a representative of Sherb & Co., LLP will be present at the meeting.

#### Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Sherb & Co., LLP as independent public accountants for the Company. Unless marked to the contrary, proxies received from shareholders will be voted in favor of the ratification of the appointment of Sherb & Co., LLP as independent public accountants for the Company for fiscal year ended December 31, 2002.

### PROPOSAL FIVE

#### RATIFICATION OF PRIOR AMENDMENT TO CHARTER

For capital raising purposes, future acquisitions and general corporate record keeping, the corporate officers have reviewed the capital structure of the Company to determine whether the necessary lawful actions were taken to effect an amendment to the Company's authorized capital. The Board of Directors determined, upon the advice of the Company's outside legal advisors, to submit the amendment to the Company's authorized capital for ratification by the Company's shareholders. It is not presently anticipated that the Company will issue any securities in the near future as a result of the ratification of historic changes to the Company's authorized capital.

A review of the corporate records of the Company and the Company's files maintained by the Secretary of State of Florida and the Company's transfer agent revealed that on January 17, 2001 an amendment was filed to the Company's Articles of Incorporation increasing the number of authorized shares of Common Stock from 50,000,000 to 500,000,000 shares which has been approved and ratified by the Board of Directors. The Company recommends that the shareholders hereby approve and ratify such amendment.

20

The Board of Directors unanimously recommends a vote FOR the Ratification of the Prior Amendment to the Company's Articles of Incorporation.

ANNEX A

2002 STOCK PLAN

NATURAL HEALTH TRENDS CORP.

2002 STOCK OPTION PLAN

ARTICLE ONE

GENERAL PROVISIONS

I. Purpose of the Plan

The Natural Health Trends Corp. 2002 Stock Option Plan (the "Plan") is intended to assist Natural Health Trends Corp., a Florida corporation (the "Company"), and its Related Entities (as defined in the Appendix) in recruiting and retaining employees, directors, officers, agents, consultants, independent contractors and advisors (collectively, "Participants"), and in compensating Participants by enabling them to participate in the future success of the Company and the Related Entities and to associate their interests with those of the Company, its Related Entities and its shareholders.

Capitalized terms used and not otherwise defined shall have the meanings assigned to such terms in the attached Appendix.

II. Structure of the Plan

Pursuant to the Plan, eligible persons may, at the discretion of the Administrator, be granted options ("Stock Options") to purchase shares of the Company's common stock, no par value (the "Common Stock"). The Stock Options granted under the Plan are intended to be either incentive stock options ("Incentive Stock Options") within the meaning of Section 422(b) of the Code or options that do not meet the requirements of Incentive Stock Options ("Non-Statutory Stock Options").

III. Administration of the Plan

A. The Plan shall be administered by the Administrator. The Administrator shall have authority to grant Stock Options upon such terms (not inconsistent with the provisions of the Plan) as the Administrator may consider appropriate. The Administrator may decide, in its sole discretion, to exempt any grant of Stock Options to a Participant who is a "covered employee" within the meaning of Section 162(m)(3) of the Code from any applicable limitations of Section 162(m) of the Code by requiring decisions as to the grant of such Stock Options to be made by a committee of the Board comprised of two or more "outside

directors" within the meaning of Treasury Regulation Section 1.162-27(e)(3). The foregoing terms may include conditions (in addition to those contained in this Plan) on the exercisability, transferability or forfeitability of all or any

A-1

part of a Stock Option, including, by way of example and not limitation, requirements that the Participant complete a specified period of employment with or service to the Company or a Related Entity, that the Company achieve a specified level of financial performance or that the Company achieve a specified level of financial return. Notwithstanding any such conditions, the Administrator may, in its sole discretion, accelerate the time at which a Stock Option may be exercised, transferred or become nonforfeitable. The Administrator shall have the absolute discretion to determine whether specific grants shall be of Incentive Stock Options or Non-Statutory Stock Options. In addition, the Administrator shall have complete authority to interpret all provisions of the Plan, to prescribe the form of the documents evidencing the grant of Stock Options under the Plan ("Agreements"), to adopt, amend, and rescind rules and regulations pertaining to the administration of the Plan and to make all other determinations necessary or advisable for the administration of this Plan. The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator. Any decision made, or action taken, by the Administrator or in connection with the administration of the Plan shall be final and conclusive. Neither the Administrator nor any member of the Board shall be liable for any act done in good faith with respect to the Plan, any Agreements or Stock Options. All expenses of administering this Plan shall be borne by the Company.

B. The Board, in its discretion, may appoint a committee of the Board and delegate to such committee all or part of the Board's authority and duties with respect to the Plan. The Board may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Board's delegate or delegates that were consistent with the terms of the Plan.

#### IV. Eligibility

A. The persons eligible to participate in the Plan are as follows:

- (i) Employees, directors and officers of the Company or any Related Entity;
- (ii) non-employee members of the Board or non-employee members of the board of directors of any Related Entity; and
- (iii) consultants, agents and other independent advisors who provide services to the Company or to any Related Entity.

#### V. Stock Subject to the Plan

A. Shares Issued. Upon the exercise of a Stock Option, the Company may issue to the Participant (or the Participant's broker if the Participant so directs), shares of Common Stock from its authorized but unissued Common Stock or reacquired Common Stock.

B. Aggregate Limit. The maximum aggregate number of shares of Common Stock that may be issued under the Plan shall not exceed one hundred million (100,000,000) shares (on a pre-reverse stock split basis).

A-2

C. Reallocation of Shares. If a Stock Option is terminated, in whole or in part, for any reason other than its exercise, the number of shares of Common Stock allocated to the Stock Option or portion thereof may be reallocated to other Stock Options to be granted under the Plan and shall be counted against the maximum number of shares set forth in the last sentence of B above. Unvested shares issued under the Plan and subsequently repurchased by the Company, at the option exercise or direct issue price paid per share, pursuant to the Company's repurchase rights under the Plan, shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent Stock Options under the Plan.

D. Stock Split; Recapitalization. Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class, without the Company's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number of shares of Common Stock issuable under the Plan and (ii) the number of shares of Common Stock and the exercise price per share in effect under each outstanding Stock Option, in order to prevent the dilution or enlargement of benefits thereunder. The adjustments determined by the Administrator shall be final, binding and conclusive. In no event shall any such adjustments be made in connection with the conversion of one or more shares of the Company's preferred stock which are outstanding on the date of issuance of any Stock Option into shares of Common Stock.

## ARTICLE TWO

### STOCK OPTION GRANTS

#### I. Stock Option Terms

Each Stock Option shall be evidenced by an Agreement, consisting of one or more documents in the form approved by the Administrator; provided, however, that each such document shall comply with the terms specified below. Each Agreement evidencing an Incentive Stock Option, shall, in addition, be subject to the provisions of the Plan applicable to Incentive Stock Options.

##### A. Exercise Price.

1. The exercise price per share for Common Stock purchased upon the exercise of a Non-Statutory Stock Option shall be determined by the Administrator on the date of grant.

2. The exercise price per share of Common Stock purchased upon the exercise of an Incentive Stock Option shall be such amount as the Administrator shall, in its best judgment, determine to be not less than the Fair Market Value on the date the Incentive Stock Option is granted; provided, however, that in the case of an Incentive Stock Option granted to a Participant who, at the time such Incentive Stock Option is granted, is a 10% Stockholder, the exercise price per share of Common Stock purchased upon the exercise of such Incentive Stock Option shall be such amount as the Administrator shall, in its best judgment, determine to be not less than one hundred and ten percent (110%) of the Fair Market Value on the date such Incentive Stock Option is granted.

##### A-3

3. Unless otherwise provided by the Agreement, the exercise price shall become immediately due upon exercise of a Stock Option and shall, subject to the provisions of Section I of Article Three and the Agreement, be payable in cash or check made payable to the Company.

4. Should the Common Stock be registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") at the time a Stock Option is exercised, then the exercise price may also be paid as follows:

(i) in shares of Common Stock held for the lesser of (A) six months or (B) the requisite period necessary to avoid a charge to the Company's earnings for financial reporting purposes and valued at Fair Market Value on the exercise date, or

(ii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Participant shall concurrently provide irrevocable instructions (A) to a Company-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Company by reason of such exercise and (B) to the Company to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Notwithstanding the foregoing, payment of the applicable

exercise pursuant to this Section I.A.4 is subject to the approval of the Administrator (which approval may be delayed, conditioned or withheld in its sole and absolute discretion) and compliance with applicable law. In addition, an officer or director of the Company or any Related Entity may pay the exercise price of a Stock Option in shares of Common Stock only if the stockholder approval or "non-employee director" approval requirements described in Article III, Section VIII are satisfied. Moreover, no "cashless exercise" under this Plan shall be permitted by the Administrator if such cashless exercise would contravene any provision of applicable law.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the exercise date.

B. Effect of Termination of Service.

1. The following provisions shall govern the exercise of any Stock Options held by a Participant at the time of cessation of Service or death:

(i) Should the Participant cease to remain in Service for any reason other than death, Disability or Misconduct, then the Participant shall have a period of three (3) months following the date of such cessation of Service during which to exercise each outstanding Stock Option held by such Participant.

(ii) Should Participant's Service terminate by reason of Disability, then the Participant shall have a period of twelve (12) months following the date of such cessation of Service during which to exercise each outstanding Stock Option held by such Participant.

A-4

(iii) If the Participant dies while holding an outstanding Stock Option, then the personal representative of his or her estate or the person or persons to whom the Stock Option is transferred pursuant to the Participant's will or the laws of descent and distribution shall have a period of twelve (12) month following the date of the Participant's death during which to exercise each outstanding Stock Option previously held by such Participant.

(iv) Under no circumstances, however, shall any such Stock Option be exercisable after the specified expiration of the option term.

(v) During the applicable post-Service exercise period, the Stock Option may not be exercised in the aggregate for more than the number of vested shares for which the Stock Option is exercisable on the date of the Participant's cessation of Service. Upon the expiration of the applicable post-Service exercise period or (if earlier) upon the expiration of the option term, the Stock Option shall terminate and cease to be outstanding for any vested shares for which the Stock Option has not been exercised. However, the Stock Option shall, immediately upon the Participant's cessation of Service, terminate and cease to be outstanding with respect to any and all option shares for which the Stock Option is not otherwise at the time exercisable or in which the Participant is not otherwise at that time vested.

(vi) Should Participant's Service be terminated for Misconduct, then all outstanding Stock Options held by the Participant shall terminate immediately and cease to remain outstanding.

(vii) Notwithstanding (i), (ii) or (iii) above, in the case of the grant of a Non-Statutory Stock Option, the exercise period shall extend for such period of time following cessation of Service or death as the Administrator shall set forth in the applicable Agreement.

2. The Administrator shall have the discretion, exercisable either at the time a Stock Option is granted or at any time while the Stock Option remains outstanding, to:

(i) extend the period of time for which the Stock Option is to remain exercisable, following a Participant's cessation of Service or death, from the limited period otherwise in effect for that Stock Option to such greater period of time as the Administrator shall deem appropriate, but in no event beyond the expiration of the option term; and/or

(ii) permit the Stock Option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such Stock Option is exercisable at the time of the Participant's cessation of Service but also with respect to one or more additional installments in which the Participant would have vested under the Stock Option had the Participant continued in Service.

A-5

C. **Stockholder Rights.** The holder of a Stock Option shall have no stockholder rights with respect to the shares subject to the Stock Option until such person shall have exercised the Stock Option, paid the exercise price and become the record holder of the purchased shares.

D. **Unvested Shares.** The Administrator shall have the discretion to grant Stock Options which are exercisable for unvested shares of Common Stock. Should the Participant cease Service while holding such unvested shares, the Company shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedures for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Administrator and set forth in the document evidencing such repurchase right; provided, however, that no such repurchase right shall be exercised by the Company earlier than six (6) months following the later of (i) the date on which the Stock Option is granted or (ii) the date of which the Stock Option is exercised.

E. **Limited Transferability of Stock Options.** During the lifetime of the Participant, an Incentive Stock Option shall be exercisable only by the Participant and shall not be assignable or transferable other than by will or by the laws of descent and distribution following the Participant's death.

## II. Incentive Stock Options

The terms specified below shall be applicable to all Incentive Stock Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Three shall be applicable to Incentive Stock Options. Stock Options which are specifically designated as Non-Statutory Stock Options shall not be subject to the terms of this Section II.

A. **Eligibility.** Incentive Stock Options may only be granted to Employees.

B. **Exercise Price.** The exercise price per share shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date, provided, however, that in the case of an Incentive Stock Option granted to a 10% Stockholder, the exercise price per share of Common Stock purchased upon the exercise of such Incentive Stock Option shall be such amount as the Administrator shall, in its best judgment, determine to be not less than one-hundred and ten percent (110%) of the Fair Market Value on the date such Incentive Stock Option is granted.

C. **Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more Stock Options granted to any Employee under the Plan (or any other option plan of the Company or any Related Entity) may for the first time become exercisable as Incentive Stock Options during any one (1) calendar year shall not exceed the sum of One Hundred Thousand Dollars

A-6

(\$100,000). To the extent the Employee holds two (2) or more such Incentive Stock Options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as

Incentive Stock Options shall be applied on the basis of the order in which such Incentive Stock Options are granted.

D. Term of Incentive Stock Options. The maximum period in which an Incentive Stock Option shall be exercisable shall be ten (10) years from the date of grant, provided, however, that if any Employee to whom an Incentive Stock Option is granted is a 10% Stockholder, then the option term shall not exceed five (5) years measured from the option grant date.

E. Holding Period. Except as permitted under the Code, Participant shall not have the right to sell, pledge, hypothecate or otherwise transfer any share of Common Stock acquired pursuant to the exercise of any Incentive Stock Option prior to the later of (i) two (2) years from the date of the grant of the Incentive Stock Option or (ii) one (1) year after the transfer to him of such share of Common Stock.

### III. Corporate Transaction

A. The shares subject to each Stock Option outstanding under the Plan at the time of a Corporate Transaction shall automatically vest in full so that each such Stock Option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to that Stock Option and may be exercised for any or all of those shares as fully vested shares of Common Stock; provided, however, that shares of Common Stock subject to an outstanding Stock Option granted to an Employee shall not automatically vest pursuant to this Section III, A until such time as the Employee experiences an Involuntary Termination following such Corporate Transaction.

B. The portion of any Incentive Stock Option accelerated in connection with a Corporate Transaction shall remain exercisable as an Incentive Stock Option only to the extent the applicable \$100,000 limitation set forth in Section II, C above is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such Incentive Stock Option shall be exercisable as a Non-Statutory Option under the Code.

C. The grant of Stock Options under the Plan shall in no way affect the right of the Company to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

### IV. Cancellation and Regrant of Stock Options

The Administrator shall have the authority to effect, at any time and from time to time, with the consent of the affected Participants, the cancellation of any or all outstanding Stock Options under the Plan and to grant in substitution therefor new Stock Options covering the same or different number of shares of Common Stock, but with an exercise price per share based on the Fair Market Value per share of Common Stock on the new option grant date. No such replacement Stock Option shall be granted with a lower exercise price than the Stock Option for which it is substituted either six (6) months before or six (6) months after the cancellation.

A-7

## ARTICLE THREE

### MISCELLANEOUS

#### I. Financing

To the extent permitted by applicable law, the Administrator may permit any Participant to pay the option exercise price upon exercise of a Stock Option by delivering a full-recourse, interest bearing promissory note payable in one or more installments and secured by the purchased shares. The terms of any such promissory note (including the interest rate and the terms of repayment) shall be established by the Administrator in its sole discretion. In no event may the maximum credit available to the Participant exceed the sum of (i) the aggregate option exercise price (less the par value of those shares) plus (ii) any Federal, state and local income and employment tax liability incurred by the Participant in connection with the option exercise.

## II. Effective Date and Term of Plan

A. The Plan shall become effective on the date on which it is adopted by the Board (the "Effective Date"), provided, however, that if the Plan is not approved by a vote of the shareholders of the Company within twelve (12) months after the Effective Date, the Plan and any benefits granted under the Plan shall terminate.

B. The Plan shall terminate upon the earliest to occur of (i) November 17, 2012, (ii) ten (10) years from the Effective Date or (iii) the date on which all shares of Common Stock available for issuance under the Plan shall have been issued as vested shares. In addition the Board, in its sole discretion, may terminate the Plan at any time and for any reason it deems appropriate. Upon Plan termination, all Stock Options and vested stock issuances outstanding under the Plan shall continue to have full force and effect in accordance with the provisions of the Agreements.

## III. Amendment of the Plan

A. The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects. However, no such amendment or modification shall adversely affect the rights and obligations with respect to Stock Options or vested stock issuances at the time outstanding under the Plan unless the Participant consents to such amendment or modification. In addition, certain amendments may require the approval of the Company's shareholders pursuant to applicable laws and regulations.

B. Stock Options may be granted under the Plan which are in excess of the number of shares of Common Stock then available for issuance under the Plan, provided any excess shares actually issued shall be held in escrow until there is obtained the approval of the Company's shareholders of an amendment sufficiently increasing the number of shares of Common Stock available for issuance under the Plan. If such stockholder approval is not obtained within

A-8

twelve (12) months after the date the first such excess grants are made, then (i) any unexercised Stock Options granted on the basis of such excess shares shall terminate and cease to be outstanding and (ii) the Company shall promptly refund to the Participants the exercise or purchase price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate under Section 1274(d) of the Code) for the period the shares of Common Stock were held in escrow, and such shares shall thereupon be automatically cancelled and cease to be outstanding.

## IV. Use of Proceeds

Any cash proceeds received by the Company from the sale of shares of Common Stock under the Plan shall be used for general corporate purposes.

## V. Withholding

The Company's obligation to deliver shares of Common Stock upon the exercise of any Stock Options under the Plan shall be subject to the satisfaction of all applicable Federal, state and local income and employment tax withholding requirements.

## VI. Regulatory Approvals

The implementation of the Plan, the granting of any Stock Options under the Plan and the issuance of any shares of Common Stock upon the exercise of any Stock Option shall be subject to the Company's procurement of all approvals and permits as the Company, in its sole discretion determines to be required by regulatory authorities having jurisdiction over the Plan and the Stock Options granted under it.

## VII. No Employment or Service Rights

Nothing in the Plan shall confer upon a Participant any right to continue in Service for any period of specific duration or interfere with or

otherwise restrict in any way the rights of the Company or any Related Entity employing or retaining a Participant, which rights are hereby expressly reserved, to terminate a Participant's Service at any time for any reason, with or without cause.

#### VIII. Grants to Officers and Directors

Notwithstanding any provision of this Plan to the contrary a Stock Option granted to an officer or director of the Company or any Related Entity must be (i) approved by the Board or a Committee of the Board comprised solely of two or more "non-employee directors" within the meaning of Rule 16b-3(b)(3) of the Exchange Act or (ii) approved by the Company's shareholders or ratified by them, no later than the next Special meeting of the Company's shareholders, in accordance with Rule 16b-3(d)(2) of the Exchange Act. The foregoing requirement as to Board, non-employee director or stockholder approval shall not apply if the terms of the applicable Agreement provide that at least six (6) months must elapse from the date on which the Stock Option is granted to the date of disposition of the Stock Option (other than upon exercise or conversion) or such Stock Option's underlying shares of Common Stock.

A-9

#### IX. Sarbanes-Oxley Act Compliance

Notwithstanding any provision of the Plan to the contrary, the Administrator, in accordance with any applicable rules or regulations promulgated by the Securities and Exchange Commission (the "SEC") and/or the United States Department of Labor, shall (i) notify in a timely manner any Participant qualifying as a beneficial owner of more than 10% of any class of equity security of the Company or any Related Entity registered under Section 12 of the Exchange Act or an officer or director of the Company or any Related Entity (each, a "reporting person" or "insider") of any transaction occurring under the Plan or any Agreement on or after August 29, 2002 that requires reporting by the reporting person or insider on SEC Form 4 or 5, as applicable, each as revised pursuant to amendments to Exchange Act rules 16a-3, 16a-6 or 16a-8, as applicable, made by the SEC pursuant to Section 403 of the Sarbanes-Oxley Act of 2002, P.L. No. 107-204 (the "Act"); and (ii) otherwise comply with all notice, disclosure and reporting requirements applicable to the Plan pursuant to such Act.

A-10

#### APPENDIX to PLAN

The following definitions shall be in effect under the Plan:

- A. Administrator shall mean either the Board or the Committee acting in its capacity as administrator of the Plan.
- B. Board shall mean the Company's Board of Directors.
- C. Code shall mean the Internal Revenue Code of 1986, as amended.
- D. Committee shall mean a committee of two (2) or more Board members appointed by the Board to exercise one or more administrative functions under the Plan.
- E. Corporate Transaction shall mean any of the following stockholder-approved transactions to which the Company is a party or affecting the composition of the Board, as the case may be:
  - (i) a merger or consolidation in which securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities are transferred to a person or persons different from the persons holding those securities immediately prior to such transaction,
  - (ii) the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or dissolution of the Company,

(iii) the sale, transfer or other disposition of all or substantially all of the Company's assets to an entity which, immediately prior to such transfer, is not a Related Entity, or

(iv) a change in the identity of more than three (3) members of the Board over any two-year period.

For purposes of this definition, "substantially all" shall mean at least 90% of the fair market value of the Company's net assets and at least 70% of the fair market value of the Company's gross assets, such fair market value to be determined by the Administrator in its sole discretion immediately prior to the transfer. "Net Assets" shall mean total assets as reported on the Company's most recent audited financial statements issued prior to the transfer less any short-term liabilities. "Gross Assets" shall mean total assets as reported on such financial statements.

F. Disability shall mean the inability of the Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or to be of long-continued and indefinite duration. An individual shall not be considered to have experienced Disability unless a determination of such is made by the Administrator on the basis of such medical evidence as the Administrator deems warranted under the circumstances.

A-11

G. Employee shall mean an individual who is in the employ of the Company or any Related Entity, subject to the control and direction of the employer entity as to both the work to be performed and the manner and method of performance.

H. Fair Market Value per share of Common Stock on any relevant date shall be determined in accordance with the following provisions:

(i) If the Common Stock is at the time traded on the Nasdaq National Market, the SmallCap Market or the OTC Bulletin Board, then the Fair Market Value shall be the closing selling price per share of Common Stock on the date in question, as such price is reported on the Nasdaq National Market, the SmallCap Market or the OTC Bulletin Board, as the case may be. If there is no closing selling price for the Common Stock on the date in question, then the Fair Market Value shall be the closing selling price on the last preceding date for which such quotation exists.

(ii) If the Common Stock is at the time listed on any Stock Exchange, then the Fair Market Value shall be the closing selling price per share of Common Stock on the date in question on the Stock Exchange determined by the Administrator to be the primary market for the Common Stock, as such price is officially quoted in the composite tape of transactions on such exchange. If there is no closing selling price for the Common Stock on the date in question, then the Fair Market Value shall be the closing selling price on the last preceding date for which such quotation exists.

(iii) If the Common Stock is at the time neither listed on any Stock Exchange nor traded on the Nasdaq National Market or SmallCap Market or the OTC Bulletin Board, then the Fair Market Value shall be determined by the Administrator taking into account such factors, as the Administrator shall deem appropriate, which are determinative of an arm's length transaction between a willing seller and a willing buyer, neither being under an obligation to transact business, including but not limited to appropriate price to sales ratio factors.

I. Involuntary Termination shall mean the termination of the Service of any individual which occurs by reason of:

(i) such individual's involuntary dismissal or discharge by the Company for reasons other than Misconduct, or

(ii) such individual's voluntary resignation following (A) a change in his or her position with the Company which materially reduces his or her duties and responsibilities or the level

of management to which he or she reports, or (B) a reduction in his or her level of "base salary", as determined by the Administrator in its sole discretion, by more than 80 percent (80%) over a continuous 12-month period.

A-12

J. Misconduct shall have the meaning ascribed to such term or words of similar import in the Participant's written employment or service contract with the Company or any Related Entity and, in addition, shall include (i) the Participant's breach of any provision of any employment, non-disclosure, non-competition, non-solicitation or other similar agreement executed by the Participant for the benefit of the Company or any Related Entity, as determined by the Administrator in its sole discretion; (ii) the Participant's conviction of, or plea of nolo contendere to, a felony or crime involving moral turpitude; (iii) the Participant's commission of any act of fraud, embezzlement or dishonesty with respect to the funds or property of the Company or any Related Entity; (iv) any unauthorized use or disclosure by the Participant of confidential information or trade secrets of the Company or any Related Entity; or (v) any other intentional misconduct by the Participant adversely affecting the business or affairs of the Company or any Related Entity in a material manner. The foregoing definition shall not be deemed to be inclusive of all the acts or omissions which the Administrator may consider as grounds for the dismissal or discharge of any Participant on account of "Misconduct".

K. Related Entity A "parent corporation" of the Company or a "subsidiary corporation" of the Company within the meaning of Section 424(e) and (f) of the Code respectively.

L. Service shall mean the provision of services to the Company or any Related Entity by a person in the capacity of an Employee, a non-employee member of the Board or the Board of Directors of any Related Entity or a consultant or independent advisor, except to the extent otherwise specifically provided in the documents evidencing the option grant.
